

# SkinAct Peptide Serum

Our peptide serum significantly improves the appearance of dark under-eye circles in addition to crow's feet. Create a lifted appearance & apply alone or before moisturizer.

**Ideal for:** Puffiness, Wrinkles, Dark Circles

## Key Ingredients

- **LIFTONIN-XPERT ECO (Mannan)** An intelligent collagen booster to manage the infrastructure of the skin. Focus application around eyes for a lifted appearance.
- **Zingiber Zerumbet Root Extract** Targets dark under-eye circles and puffiness by improving microcirculation.
- **Matrixyl 3000** Dual-peptide complex to stimulate collagen production and repair the skin's dermal matrix, significantly reducing the appearance of wrinkles
